

Delighted assistance for you and your technology.

Spencer Johnson

QUALITY TECHNOLOGICAL HELP AND SUPPORT FOR ANY AND ALL

Hi, I'm Spencer Johnson and I would be delighted if you would be so kind as to give me the opportunity to assist you in any way I can regarding technology. Regarding my general background; I am 15 years old and have been in love with technology as long as I can remember. I am also the grandson of a Stoney Brook Resident, and live very close by. I attend Kent Denver High School and am a journalist for the school newspaper and maintain at least a Grade Point Average of 3.8. In addition, I am a second degree Black Belt in Tae Kwon Do and a fully qualified instructor. I teach Tae Kwon Do part time at J.W. Kim Tae Kwon Do, on Yosemite and Belleview. My qualifications? I love anything and everything to do with technology and have gained substantial knowledge from multiple sources, including my father, who is the current Regional Technology Officer for one of the most prominent technology corporations in existence. (one of eight in the world!). Also, I am a member of the Tech Team at Kent Denver and often work on the schools Computers, TV's, and Projectors. My Normal fee for work would be \$20 per hour, subject to change depending on the type of work being done. I would be happy to give a free evaluation and estimate for every job. To sum it all up, I am a teenager with a great passion for technology and it would be my pleasure to assist you in any way I could, not only to earn some extra cash, but more because I simply enjoy doing it. I look forward to helping any and all in need and hope sincerely that my services are above and beyond the expected.

Spencer S. Johnson, 15 year old Screenager
