

From the Security Committee

Security Tip for the Month: When your 2007 Stoney Brook directory arrives, please be mindful of your Stoney Brook neighbor's security and **shred** your 2006 directory.

Electric Blanket Warning: Makey Towne, our insurance representative, recently passed on a warning to us concerning the safe use of electric blankets after dealing with house fire claims involving electric blankets. Please, remember to read and follow all the safety warnings and instructions.

Motion Detector Lights: When the weather improves, the Security Committee encourages all homeowners to evaluate the lighting around their homes and consider installing motion sensor lights, particularly behind their units.

Garage Lights: Another reminder to all homeowners to keep your outside garage lights on at night.
